â€œ I lost 35 lbs using the Miracle Body Shaper in just 4 months!

Look how it slimmed my hips and thighs!

I wore it everyday to work under my clothes and went for

walks around my neighborhood 3 - 4 times a week

SHARON PATRICK

I use The Miracle Body Shaper every day for 4 -5 hours. I go shopping and wear it under my clothes. I've lost over 15 lbs but more importantly I've reduced the size of my thighs by over 3 inches! I went from a size 10 to a 6/4! I'm about 6 lbs away from my goal weight and "look out summer here I come"!

DO YOU HAVE THE TIME TO GET TO THE GYM EVERYDAY?

I've worked out for over 40 years and I know how hard it is to make time to keep yourself fit. Our responsibilities sometimes are overwhelming and demand so much of your time. It's frustrating and depressing when you want to get a workout but just can't afford the time.

Â

YOU DON'T HAVE TO WORRY ANYMORE!

Burke Spencer's Miracle Body Shaper is the easiest and most innovative piece of equipment you can own. It's so easy that you just put it on and go! You can wear it under clothes or over them, go to the mall, go to the supermarket, turn your house into a circuit, or just wear it to work.

Â

Â

THE FAT WILL MELT AWAY!

The Miracle Body Shaper will help raise your metabolic rate through the miracle of "internalized resistance". When you put the Body Shaper on your entire lower body will adjust to the added resistance

as if it were normal. This means that you'll forget you have it on and be able to get on with your day and workout out all day long!

Â

YOU'LL GET A WORKOUT WITH EVERY STEP YOU TAKE!

Every step gives you approximately 10 lbs of smooth, unrestricted resistance. For added fat burn you can use the arm tensors to add an upper body workout at the same time. For a 30 minute fat burning workout just drop the DVD into your player and start getting in shape
